INVITATION

Dear Colleague,

Welcome to the 1st International Symposium on Critical Bleeding (ISCB) in Copenhagen, 24.-25. August, 2009.

This meeting will provide a unique forum for physicians from different specialities involved in the treatment of patients with critical bleeding conditions, such as anaesthesiology, traumatology, haematology, intensive care, blood bankers and surgeons to exchange experiences, knowledge and to establish personal relationships for creative collaboration.

It is, therefore, a pleasure for us to invite you to Copenhagen, where we will try to make this meeting to a hopefully memorable event from a scientific, social and cultural point of view.

On behalf of the organising committee

Pär I. Johansson
Chairman

CONGRESS VENUE

The congress will take place at Moltkes Palace, Copenhagen located next to the Royal Castle, Amalienborg, in the middle of Copenhagen easily accessible from the city centre (Nyhavn) and hotel locations.

In order to receive further information access our website: www.ISCB2009.dk
